**RE: Patent Application No. 10/811,382 filed on
03/27/04, Second amendment.**

Dear Commissioner:

Enclosed please find a revised drawing sheet FIG. 1A. The drawing was revised to add two more relays, 500A, and 508A, in order to prevent the possibility of cross grounding of the two 12-volt circuits. The following pages were revised to show this, pages 14, 16, 17, 18, 24 & 25. Page 19 was revised to explain the perpetual motion science more clearly. No other changes were made to the application. Please substitute the said pages for the ones that are there now, Thank you kindly for your help in this matter.

Very truly yours

Rudolph V. Bailey Sr.
